Dear Edmund:

As a matter of general interest, today, the Postal Service filed notice with the Postal Regulatory Commission (PRC) regarding its intent to replace the existing First-Class Package Service category with USPS Ground Advantage to take effect July 9, 2023.

If favorably reviewed by the PRC, USPS Ground Advantage will simplify package shipping options for customers by enhancing its ground product offerings by upgrading 2-5 day service standards for packages up to 70 pounds, improving service reliability, while providing affordable pricing.

USPS Ground Advantage is part of the Postal Service's 10-year "Delivering for America" plan to achieve financial stability and service excellence, defined as meeting or exceeding 95 percent on-time delivery across all product categories.

Enclosed is the Press Release, and "Talking Points and Q&A" relevant to this matter.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink that reads "James Lloyd".
